**Introduction**
Harriet Crawford and Augusta McMahon 1

**Part I** Early Urban Landscapes 5
    **Chapter 1** Travels in Edin: Deltaic Resilience and Early Urbanism in Greater Mesopotamia 7
        Jennifer R. Pournelle and Guillermo Algaze
    **Chapter 2** Hollow Ways and Routes Around Tell Brak 35
        Tony Wilkinson, Charles French and Miranda Semple
    **Chapter 3** Urban Form at Tell Brak Across Three Millennia 49
        Jason Ur
    **Chapter 4** From Village to City, the Wrong Question? 63
        Jean-Louis Huot

**Part II** Production and Consumption in Early Urbanism 67
    **Chapter 5** Fifth-millennium bc Obsidian Production and Consumption in Area TW, Tell Brak 69
        Lamya Khalidi
    **Chapter 6** The Political Economy of the Upper Khabur in the Late Chalcolithic 1–2: Ceramic Mass-production, Standardization and Specialization 89
        Salam Al Kuntar and Khaled Abu Jayyab
    **Chapter 7** Early Uruk Ceramic Assemblages: Cultural Relations in Greater Mesopotamia During the Late Fifth and Early Fourth Millennia bc 109
        Henry T. Wright
    **Chapter 8** Exotic Animal Consumption at Tell Brak in the Mid-fourth Millennium bc 127
        Jill Weber

**Part III** Near Eastern Neighbours and Early Urbanism 135
    **Chapter 9** Iran and Uruk Mesopotamia: Chronologies and Connections in the Fourth Millennium bc 137
        Cameron A. Petrie
    **Chapter 10** Contacts between Mesopotamia and the Caucasus in the Fourth–First Half of the Third Millennium bc 157
        Rauf Munchaev and Shahmardan Amirov

**Part IV** Conflict in Early Urbanism 173
    **Chapter 11** State Warfare and Pre-state Violent Conflict: Battle’s Aftermath at Late Chalcolithic Tell Brak 175
        Augusta McMahon

**Summary**
McGuire Gibson 189

**Index** 193

Figures

1.1 Map of modern Iraq showing location of Figures 1.2 and 1.4. 14
1.2 Air observations over Kut–Amara marshes, May–Dec 1916. 16
1.3 Splay ‘cultivation’: a model for early alluvial exploitation. 17
1.4 Twentieth-century cultural geography of the Tigris–Euphrates delta, as compared to the location of fourth-millennium bc cities. 18
1.5 Denuded mud brick at the summit of Eridu. 22
1.6 Jebel Sanam/Sinam (‘Saftwan Hill’). 24
1.7 Tell al Hayyad (WS1303–6 site complex). 24
1.8 Other significant Early Uruk sites. 25
1.9 WS125–7 site complex, surmounting a turtleback within a splay. 26
1.10 Umm al-‘Ajjaj (WS230–32 site complex), surmounting a turtleback comprising meander scars. 26
1.11 The land below Shurruppak. 27
2.1 Brak and its radial network of hollow ways, with the location of the two hollow ways indicated. 36
2.2 Hollow way WP040 looking south, taken in September 2005. 38
2.3 Exaggerated topographic profile of hollow way at WP040. 38
2.4 Full cross-section of hollow way WP040 from north to south. 39
2.5 Detailed section of sampled column indicating location of soil micromorphological samples and accompanying field notes. 40
2.6 Thin sections of the natural soils and hollow-way fills. 41
2.7 Pottery counts according to depth and fabrics and types from central cleaned section of hollow way WP040. 42
2.8 Examples of gravels from the Wadi Jaghjagh and hollow way WP040. 44
2.9 Diagrammatic reconstruction of the infilling of a hollow way. 45
3.1 Excavated areas, test trenches and surface collection units at Tell Brak. 51
3.2 Excavations and surface assemblages of Brak Phase E (c. 4100–3800 bc). 53
3.3 Excavations and surface assemblages of Brak Phase F (c. 3800–3300 bc). 54
3.4 Mesopotamian settlements of the fourth millennium bc (Brak Phase F). 55
3.5 Excavations and surface assemblages of Brak Phases L–M (c. 2500–2100 bc). 57
3.6 Excavations and surface assemblages of Brak Phase Q (c. 1600–1350 bc). 59
5.1 Map illustrating the location of a selection of sites and obsidian sources in relation to the site of Tell Brak. 70
5.2 Pie chart of stone tool raw material percentages from Level 21 in Area TW. 71
5.3 Pie chart of stone tool raw material percentages from Level 20 in Area TW. 71
5.4 Chart demonstrating diachronic changes in obsidian to chert ratios between Levels 21 and 20, Area TW. 71
5.5 Pie chart of obsidian colour variety (identified macroscopically) percentages from Level 21 in Area TW. 72
5.6 Pie chart of obsidian colour variety (identified macroscopically) percentages from Level 20 in Area TW. 72
5.7 Diachronic changes in the breakdown of obsidian colour varieties between Levels 21 and 20, Area TW. 72
5.8 Pie chart of obsidian colour variety percentages (including obsidian beads excavated) from Level 21 in Area TW. 72
5.9 Obsidian blade and exhausted obsidian disc cores. 74
5.10 Pie chart of breakdown of obsidian products recovered in Level 21 in Area TW. 75
5.11 Pie chart of breakdown of obsidian products recovered in Level 20 in Area TW. 75
5.12 Comparison of breakdown of obsidian products recovered in Levels 21 and 20 in Area TW. 75
5.13 Green translucent obsidian double borer, distal plunging blade, double versant crested blade fragment, medial blade, double burin faceted bladelet and blade core tablet. 76
5.14 Medium tan and grey partially cortical pyramidal single platform chert blade core. 77
5.15 Medium grey and tan chert blade core 78
5.16 Medium grey and tan chert blade, green translucent obsidian core preparation flake, green translucent obsidian blade and green translucent retouched blade. 79
5.17 Comparison of breakdown of blade parts recovered in Levels 21 and 20 in Area TW. 80
5.18 Comparison of breakdown of categories of obsidian blades recovered in Levels 21 and 20 in Area TW. 80
5.19 Beige red-banded chert proximal ‘sickle’ blade with heavy gloss on the right dorsal and ventral surfaces. 80
5.20 Level 21 5–6-year-old child burial with obsidian and shell beads. 81
5.21 Obsidian pendant, obsidian pendant preform, polished and pierced disc bead, bead preforms and polished bead.
5.22 Photographs of the obsidian chalice recovered from a Level 19 bin.
6.1 Map of Upper Khabur with main sites indicated.
6.2 Plan of Level 20, Area TW, Brak.
6.3 Pottery Kiln, Level 21, Area TW, Brak.
6.4 Pottery Kiln, Level 20, Area TW, Brak.
6.5 Red Building, Area TW Level 19, Brak.
6.6 Location of excavation trenches and soundings in Khirbat al-Fakhar (Area Z).
6.7 Level 3 Building, Area ZD, Hamoukar.
6.8 Pit Kiln, Level 2, Area ZD, Hamoukar.
6.9 Pots on a floor in a room, Level 1, Area ZD, Hamoukar.
6.10 Temper percentages at Hamoukar and Brak in LC 2 and early LC 3 Periods.
6.11 Decline in decoration across the LC 2 levels at Hamoukar and Brak.
6.12 Wide Flower Pots, Area Z, Hamoukar.
6.13 Main pottery types of Level 3, Area Z, Hamoukar.
6.14 Main pottery types of Level 2, Area Z, Hamoukar.
6.15 Main pottery types of Level 1, Area Z, Hamoukar.
6.16 Main pottery types of Level 21, Area TW, Brak.
6.17 Main pottery types of Level 20, Area TW, Brak.
6.18 Main pottery types of Level 19 Area TW, Brak.
6.19 Evolution of Grey Ware bowls at Brak, Area TW, from Level 21, through Level 20 to Level 19.
7.1 Mesopotamia at the turn of the fifth–fourth millennium BC.
7.2 Bowls from Eridu, SE Acropolis (University of Michigan Museum of Anthropology # 61117).
7.3 Jars from Eridu, SE Acropolis (University of Michigan Museum of Anthropology # 61117).
7.4 Jars from Warka Survey, Sites 022, 178 and 218 (University of Chicago Oriental Institute).
7.5 Bowls from Susa Acropole III, Layers 7–11.
7.6 Jars from Susa Acropole III, Layers 7–11.
7.7 Bowls from Tell Brak, TT 27, Locus 4.
7.8 Jars from Tell Brak, TT 27 Locus 4.
9.1 Map showing the location of major sites discussed in the text.
9.2 Reproduction of the Acropole I section.
9.3 Radiocarbon determinations from Tol-e Spid and Tol-e Nurabad.
9.4 Calibrated radiocarbon determinations from Tal-e Kureh and Tal-e Malayan.
9.5 Calibrated radiocarbon determinations from Godin Tepe VII/V deposits.
9.6 Radiocarbon calibration curve for the late fourth millennium BC.
9.7 Reproduction of Wright and Rupley (2001, fig. 3.3).
10.1 Tell Hazna I.
10.2 Tell Hazna I, aerial view.
10.3 Tell Hazna I. Monumental constructions.
10.4 Tell Hazna I. Monumental constructions.
10.5 Tell Hazna I. Monumental constructions, aerial view.
10.6 Tell Hazna II. Late Uruk pottery.
10.7 East Jazira. Late Chalcolithic sites.
10.8 East Jazira. Early Bronze Age sites.
10.9 Caucasus and the Middle East in the Late Chalcolithic and Early Bronze Age.
10.10 Chalcolithic-period pottery from Leyla Tepe and Boyuk Kesik.
10.11 Chalcolithic-period pottery from Leyla Tepe and Boyuk Kesik.
10.12 Chalcolithic-period pottery from Tell Hazna I.
10.13 Chalcolithic-period pottery from Serker Tepe.
10.14 Velikent II pottery sites in the northern Caucasus.
10.15 Pottery from Ginch settlement.
10.16 Maikop pottery from Ust Djeguta.
10.17 Gold jug from the Maikop barrow.
10.18 Diadem from the Maikop barrow.
10.19 Wheel-made pot from Kurgan cemetery Mariinskaya 3, Kurgan N1, burial N18.
10.20 Maikop-type antiquities in Dagestan.
11.1 Topographic plan of Tell Brak with corona of sub-mounds and main Late Chalcolithic excavation areas.
11.2 Detail of early LC 3 mass grave in Area MTW.
11.3 Late LC 3 Burials in Area EME 1.
11.4 Detail of early LC 3 mass grave in Area EM.
11.5 Tools created from a human femur (left) and two tibias (right), Area EM.
11.6 Polish and fine parallel abrasions on skull fragment from Area EM.

Tables

1.1 Sites with potential for elucidating southern Mesopotamian Chalcolithic urban-formation processes. 23
2.1 Number of sites and density per sq. km in selected survey areas in northern Syria and northern Iraq. 35
3.1 Regional and local archaeological periodizations for northern Mesopotamia. 50
6.1 Main LC 2 pottery types at Hamoukar. 96
6.2 Main LC 2 pottery types at Brak. 97
8.1 Distribution of bear bones in LC 3 contexts. 130
8.2 Distribution of lion bones in LC 3 contexts. 131
9.1 Relative chronological correlations for sites discussed. 145
